01 PROFILE

Ambitious and results-driven student with passion for creating fully functional web apps. A strong team player with excellent collaboration skills, and a commitment to maximizing the efficiency within a team. Knowledge of NodeJS, PHP, SQL, and Python; detail-oriented, eager to learn, and calm under pressure.

02 EMPLOYMENT HISTORY

May 2019 — Jun 2020

Lagos

Computer Technician at The Fundamentals High School

I was in charge of setting up the computers in the laboratory for the upcoming WASSCE examinations. My responsibilities included:

1. Setting up systems with practice software
2. Ensuring communication between computers in the lab
3. Taking stock of computer systems in the lab

Jul 2022 — Nov 2022

Remote

Intern at Arity Technologies (India)

During my time at Arity I worked on writing test cases for and debugging the main website as well as implementing some API endpoints on the backend for handling user purchase.

- React
- Puppeteer
- MySQL
- Java (Springboot)

Dec 2022 — Jul 2023

Remote

Fullstack Developer at Famasi Africa

While I worked at Famasi, I accomplished the following:

- Worked on an internal tool (dashboard) for managing users and their orders
- Worked on the porting over the frontend from v1 -> v2
- Implemented APIs for managing user orders

Jul 2023 — Present

Fullstack Developer at Home Ease at Home Ease

Owerri

I worked to get Home Ease into market by building a fullstack web-based application.

Technologies I used include:

- NodeJS
- TypeScript
- NextJS

I was able to achieve the following at Home Ease

- Created a Continuous Integration/Continuous Deployment (CI/CD) pipeline that reduced time-to-deployment to a few minutes.
- Created a web based application which customers could use to place their orders.
- Automated some of the interal operations

03 EDUCATION

Sep 2014 — Jul 2020

Lagos

The Fundamentals High School

High School Degree

Graduated with OND (WASSCE)

Sep 2021 — Jul 2026

Owerri

Federal University of Technology, Owerri

BSc

04 SKILLS

HTML

CSS

JavaScript

PHP

SQL

MySQL

Node.js

Python

Git

05 HOBBIES

Playing chess

Solving puzzles

Trying out new technologies

06 PERSONAL PROJECTS

Mar 2020 — Jul 2020

Web Based Dictionary

I created a web based dictionary for my class to make use of during practical classes. I made use of:

1. Python (Flask)
2. Sqlite
3. Bootstrap
4. HTML, CSS and JavaScript
